THE POSITION

Our client, Activate Healthcare, is seeking primary care physicians to serve as clinicians for members of a large self-funded health plan located in Las Vegas, NV. This position is ideal for a physician who has been looking for a chance to make meaningful impact on the lives of people and shape the future of health care. The physician will have the time, the tools and the support to help make patients better without the reimbursement constraints associated with traditional medical practice.

HIGHLIGHTS INCLUDE:

- Manage only 15-20 patients per day
- Predictable work week with limited call (phone only)
- Support of mid-level providers and medical assistants that will assist in the overall program and will coach employee behavior changes
- Strong company culture with highly desirable lifestyle opportunity

Activate Healthcare offers a unique solution to employers to reduce and manage their healthcare costs by acting as their Health Asset Manager. Through a process of Assess => Deliver => Engage => Align, Activate Healthcare influences employee behavior in the areas of wellness, prevention, chronic disease management, and behavior modification.

Activate Healthcare provides leading edge tools, including: health risk assessments, remote monitoring software for high risk patients, a 24-hour nurse hotline, an electronic medical record, claims analysis, and a unique rewards program to incentivize employee behavior.

CANDIDATE QUALIFICATIONS

- Board certified in family medicine, internal medicine or pediatrics
- Thorough understanding and commitment to the principle of wellness and prevention
- Skilled at and committed to creating focused action plans for each patient and helping patients follow through on those action plans
- Serves as a role model for the principles of a healthy lifestyle
- Able to construct, implement and follow a strategic plan in order to manage the overall company's healthcare program and associated costs
- Effective in chronic disease management, with the ability to build constituency and develop relationships with high quality specialists
- Excellent people skills and the ability to relate to employees
- Fluency in the Spanish language preferred

Las Vegas, Nevada

Climate:

Las Vegas enjoys abundant sunshine year-round; it has an average of about 310 sunny days per year. It is virtually free of tornadoes and ice storms. Dew points in the summer are exceptionally low and the winters are short and the season is generally mild. December, the coolest month, averages 47.7 °F. The mountains surrounding Las Vegas accumulate snow during the winter, but snow is rare in the Las Vegas Valley itself.

Living:

Las Vegas has been known for its diverse, enjoyable, and prosperous living. Local housing is surrounded by great schools, parks, easy access freeways, shopping, and jobs. People can choose from many different types of communities to fit their taste.

Schools:

It is estimated that 10 New Schools per year are being added to the Las Vegas Valley to accommodate growth. New teachers are added and communities planned around these new facilities. Families with younger children can find great elementary or middle schools. High schools generally rank well with others throughout the nation based on test results. Some, like Green Valley High School consistently rank near the top of the nation.

Demographics:

- **County Population: 1.81 Million**
- **Median Household Income: \$47,320**
- **Median Age Of Adults:47.9**

Undergrad college students have the selection of various schools to choose from within the Las Vegas Valley. Among these colleges is UNLV and Community College of Southern Nevada (CCSN).

Recreation:

Las Vegas has 68 parks and many, many golf courses. It is also responsible for 123 playgrounds, 23 softball fields, 10 football fields, 44 soccer fields, 10 dog parks, six community centers, four senior centers, 109 skate parks, six swimming pools and more.

There are 52 peaks surrounding the Las Vegas Valley, none more than an hour away, and people climb all of them. There is also mountain biking, kayaking, hiking, skiing, horseback riding.

Just a short 24 mile drive from Las Vegas is Lake Meade, the largest reservoir in the United States. Hoover Dam is only 35 miles and the Grand Canyon Skywalk is 124 miles away.
