About Activate Healthcare

Activate Healthcare is transforming the delivery of healthcare by partnering with employers to open high quality clinics at or near workplaces. These clinics offer a fresh and important new perspective on how to improve the health of employees and their dependents.

Activate Healthcare offers a unique solution to employers to reduce and manage their healthcare costs by acting as their Health Asset Manager. Through a process of Assess => Deliver => Engage => Align, Activate Healthcare influences employee behavior in the areas of wellness, prevention, chronic disease management, and behavior modification.

Activate Healthcare provides leading edge tools, including: health risk assessments, remote monitoring software for high risk patients, a 24-hour nurse hotline, an electronic medical record, claims analysis, and a unique rewards program to incentivize employee behavior.

What Others Say About Activate

As far as I'm concerned, Activate Healthcare is a win-win-win situation for doctors, patients and the companies served. As a doctor, I get to spend more time with my patients, employees receive excellent quality care and unbiased, informed referrals, and the companies save significantly on their health care costs. Most important, I get to do what I trained to do — the real reason I went into medicine — to treat patients to the best of my ability. It gives me a strong sense of satisfaction and well-being knowing I'm doing an excellent job and everyone is happy.
